Did you know?

By putting your "Kan Tabs" in these specially marked cans, you are helping to make a huge difference in the life of a child. The little things that might make a Kidney Kid's bad day just a little better can happen because you have taken the time to save a "Kan Tab".

Founded in 1990, Kidney Kids is a not-for-profit parent driven organisation that assists parents of children who have kidney disorders. Kidney Kids provides regular newsletters, information and resources regarding kidney disorders, and organises annual camps for children who may not be able to attend ordinary school camps because of their medical needs. Most importantly Kidney Kids offers support for families through regular meetings, social activities and education evenings where parents can meet with a specialist to talk about their child's condition.
