## colour match ^

Got a repaint job and no idea of the existing wall colour? Want to match a fabric or swatch and you have no idea of which Resene colour might be closest? Simply take the Resene ColourHelper, push it down to 'read' the target colour three times and it will let you know the three closest Resene colours. It can also suggest complementary colour options, tell you the difference between two colours so you can see how similar, or different, they are and suggest other colours. The Resene ColourHelper units can be used free at all Resene ColorShops and resellers.

## sticker fun ^

Resene Kumutoto 

Add dinosaurs, flowers, animals and more to children's rooms without damaging the paintwork, with Homestickers. Or dress up lounges, bedrooms or other living areas. You can arrange the sets however you like. They're easy to apply and can help to disguise minor flaws. When you are ready for a change of design, Homestickers can be carefully removed. Resene has put together a collection of popular Homesticker options – see [www.resene.com/homestickers.htm](http://www.resene.com/homestickers.htm) or visit your local Resene ColorShop for the in-store catalogue (NZ only). See [www.resene.com](http://www.resene.com) for your nearest store.

## helping air quality

Resene Dry Creek 

Rockcote Earthen is a natural clay plaster with some very special qualities. It assists in regulating both humidity and temperature by absorbing and releasing air vapour. It makes rooms more tolerable in humid weather, and when the weather becomes drier it releases moisture into the room helping to improve the air quality. Earthen can be applied over a range of surfaces: brickwork, cement sheeting, gypsum plasterboard and more. Samples can be requested by calling 0800 50 70 40.
