

GOOD PROMOTION

Revamp an open wardrobe

Cut visual clutter and give tired shelves new life with doors and colourful paint

before

YOU WILL NEED

- Pine for framing
- Door hinges and handles
- 2-3 sheets of Ecoply, (Bestwood, Classic)
- Sandpaper
- Polyfiller
- Paint brushes
- Roller and tray (optional)
- 1 litre Resene Waterborne Smooth Surface Sealer (optional)
- 1 litre Resene Quick Dry waterborne primer undercoat
- 1 litre Resene SpaceCote Low Sheen

Step one

Have a builder construct a frame around your cabinet and hang doors using spring-loaded hinges. We used Carter Holt Harvey's Ecoply (Bestwood, Classic) panels to make the doors. This plywood is tough, durable and easy to clean. It's made from sustainable plantation pine and has low formaldehyde emissions, making it ideal for use in bedrooms.

Step two

Fill any nail holes with polyfiller and sand surfaces smooth. Before painting a pre-coated MDF surface, apply a coat of Resene Waterborne Smooth Surface Sealer. Allow two hours for the coat to dry.

Step three

Paint any raw wood surfaces with Resene Quick Dry waterborne primer undercoat. Allow two hours for paint to dry. Cover with two topcoats of Resene SpaceCote Low Sheen waterborne enamel, using either a paintbrush or roller to apply the paint. We chose Resene Rice Cake from the Resene Whites & Neutrals collection for both the cabinet and walls, to help the cabinet disappear.

To get the look

Inject drama into your bedroom with a stunning feature wall painted in a warm and bold tone. We chose the colour Camarone, in Resene SpaceCote Low Sheen.
