

It's easy to create this simple room freshener with a little bit of help from Resene.

You will need:

- Clean damp cloth
- Glass jar
- Lavender
- Paintbrushes
- Secateurs
- Resene testpots in your choice of colours, Mark used Resene Half Alabaster, Resene Japonica, Resene Kamikaze, Resene Sebedee and Resene Wax Flower

Step 1
Clean the glass jar with a damp cloth and allow to dry.

Step 2
Apply random spots of Resene Sebedee to the inside of the jar and allow to dry.

Step 3
Apply random spots of Resene Kamikaze to the inside of the jar and allow to dry.

Step 4
Apply random spots of Resene Japonica to the inside of the jar and allow to dry.

Step 5
Apply smaller random spots of Resene Wax Flower to the inside of the jar and allow to dry.

Step 6
Paint the inside of the jar with one coat of Resene Half Alabaster and allow to dry.

Step 7
Paint the inside of the jar with a second coat of Resene Half Alabaster and allow to dry.

Step 8
Clip a woody sprig of lavender and place inside the jar.

To get the look: Mark painted the background wall with Resene SpaceCote Flat tinted to Resene China Ivory.

Other ideas:
For a soft green effect use Resene testpots of Resene Anise, Resene Dell, Resene Dingley and Resene Koru.
