

You will need:

- Clean cloth
- Leftover or old wallpaper
- Paintbrushes
- Piece of hardboard cut to fit picture frame
- PVA glue
- Resene Quick Dry
- Resene testpots of Resene Persian Red and Resene Rodeo Dust (or colours to match your wallpaper)
- Sandpaper
- Scissors
- Wooden picture frame

Step one

Lightly sand the picture frame and piece of hardboard. Wipe off any sanding residue with a clean cloth.

Step two

Fix the piece of hardboard into the picture frame. Apply one coat of Resene Quick Dry to the frame and board, allowing two hours to dry.

Step three

Apply one coat of Resene Persian Red to the frame and allow two hours to dry.

Step four

Apply a second coat of Resene Persian Red to the frame and allow two hours to dry.

Step five

Apply two coats of Rodeo Dust to the central hardboard section, as shown. Allow two hours for each coat to dry.

Step six

Cut out pieces of pattern from the wallpaper.

Step seven

Fix pieces of wallpaper to the central section, as shown, using PVA glue.

Step eight

Seal across the top of each piece of wallpaper with a thin coat of PVA glue and allow to dry.

It's so easy to create a simple collage from old wallpaper and a few Resene testpots.

To get the look:

Mark painted the background wall with Resene SpaceCote Flat tinted to Resene Designer White.

Other ideas:

Use bright scraps of wrapping paper or leftover wallpaper and matching testpots to make a collage for a child's bedroom.
