Resene art with Mark Rayner – 4

Make a real style statement with this sleek metallic planter.

You will need:

- Paintbrush
- Resene Enamacryl Metallic tinted to Resene Isobar
- Resene Enamacryl Metallic tinted to Resene Obelisk
- Resene Lumbersider tinted to Resene Corduroy
- Resene Lumbersider tinted to Resene Submarine
- Resene Multishield+ Gloss
- Resene Quick Dry Acrylic Primer Undercoat
- Resene Testpot in Resene Black
- Ribbed terracotta pot (320mm high)
- Small flat-headed artist's brush
- Small paint roller
- Terracotta sealer

Step one

Seal the inside and base of the pot with terracotta sealer, following manufacturer's instructions. Allow to dry.

Step two

Prime the inner edge, rim and outside of the pot with one coat of Resene Quick Dry Acrylic Primer Undercoat. Allow to dry.

Step three

Using the paintbrush, paint the inner edge, rim and outside of the pot with one coat of Resene Corduroy. Allow to dry.

Step four

Using the paintbrush, paint the inner edge, rim and outside of the pot with one coat of Resene Isobar. Once dried, apply a second coat. Allow to dry.

Step five

With the small roller, apply a coat of Resene Submarine to the raised ridges around the pot (use a light, horizontal action to avoid getting paint into the crevices). Allow to dry.

Step six

With the small roller, apply a coat of Resene Obelisk to the raised ridges around the pot (this time use a light, vertical action to ensure Resene Submarine is fully covered). Once dried, apply a second coat. Allow to dry.

Step seven

Using the small artist's brush, apply a coat of Resene Black to the inner rim of the pot. Once dried, apply a second coat. Allow to dry.

Step eight

Apply one coat of Resene Multishield+ Gloss to intensify colours and create a glossy finish. Allow to dry.

To get the look:

Mark painted the surrounding wall with Resene SpaceCote Flat tinted to Resene Swans Down.

Other ideas:

For a rich, sumptuous look try using a combination of Resene Magma and Resene Bullion from the Resene Metallics & Specialist Effects range.
