rates

easy clean

ergonomically
designed grip

Winner of Popular Science
magazine's greatest
achievement award.

Introducing a new generation of low pressure sprayers built to exacting specifications in the USA.

Ideal for finishing work, these HVLP units are superb for areas where fuller coverage is required.

Quality that is *extremely* affordable

The price of these high performance units will astound you. If you don't need airless equipment, Accuspray is the way to go at a truly exceptional price.

Exclusive to Resene Paints, the full story on Accuspray units is available now at your local Resene ColorShop. Arrange a demonstration today.
