

Lumber-sider has come inside and there's over 400 good reasons for choosing it!

Lumber-sider Acrylic washable wall paint – a paint so versatile it can give the same 100% acrylic eggshell finish to applications both inside and outside the home.

Fully washable, Lumber-sider's fashionable satin finish will give any inside wall an attractive professional look, and be practical enough to stand everyday wear. It is tough, mould resistant and non-yellowing.

And the other 400 reasons for choosing it – Lumber-sider is available in the BSS101 and 5252 ranges of colours – and that means over 400 colours to choose from.

Available now at Resene Color Shops throughout New Zealand and better decorating stores.
