

OBTAIN ALL THE BENEFITS OF THE RESENE HI-GLO RANGE IN ECONOMICAL 10 LITRE PAILS.

Resene Hi-Glo Acrylic House and Roof Paint has long set the standard for UV resistance, durability and all round performance.

Now you can enjoy the convenience and economy of Hi-Glo in new 10 litre packs, covering the full range of fifty modern, vibrant colours.

The 10 litre range includes super durable micaceous iron oxide colours plus a number of ColourSteel colours which are available on request.

Specifically designed for tough New Zealand conditions, Resene Hi-Glo is a proven performer with

outstanding protection and colour fastness.

That's why Resene Hi-Glo is the preferred choice of specifiers and Trade professionals throughout the country.

To find out more about Resene Hi-Glo Roof Paint and the new colour range please contact your nearest Resene branch or call Resene Head Office Technical Support.
