

# Rock out IN YOUR GARDEN

For all your DIY projects, big or small, visit your nearest Resene ColorShop. [resene.co.nz/colorshops](http://resene.co.nz/colorshops)

Add some colourful characters to your garden, like this ladybug.

Made by **KINETA BOOKER.**

With Resene's wide range of colourful paints and plenty of painted rock ideas on Pinterest, your garden will soon be full of cheeky characters these holidays.

## MATERIALS

Stones of all shapes and sizes

Resene testpots: Resene Bright Red, Resene All Black, Resene Alabaster

Resene Clearcoat UVS or Resene Art Action Glaze gloss (if you want a gloss finish)

Resene detail paintbrushes

## INSTRUCTIONS

1. Find some nice flat stones. Give them a good wash and leave them to dry.
2. Use Resene Bright Red as the undercoat. Once dry, give it a second coat.
3. As shown in the photo, use Resene All Black to paint a centre line so that it looks like the rock has two wings. Then add some spots and a head to the ladybug.
4. Use Resene Alabaster and Resene All Black for the eyes.
5. If you prefer a low sheen then you're done! For a shiny finish use Resene Clearcoat UVS or Resene Art Action Glaze gloss as a topcoat.

**TIP:** To label plants, find palm-sized rocks, grab some Resene Blackboard Paint and give them a couple of coats. Write on them with chalk and you have some stylish plant markers.
